Background

Jon is the founding principal of Singletrack Analytics, LLC, a specialty healthcare financial and data analytics company that provides strategic analytics consulting, data integration, business intelligence and IT leadership services to healthcare organizations.

Professional and Industry Experience

Jon has more than 35 years of diverse healthcare financial, strategy and data analytics consulting experience. He has worked for hospitals, physician groups, integrated delivery systems, health plans, PACE programs, law firms and other healthcare organizations in financial and data-related strategies and operations. His projects have included developing analytical tools for payment systems such as bundled payments and ACOs, advising clients on healthcare data integration and analytics, implementing data warehouses and analytical tools for managed care organizations, preparing expert witness testimony on provider payment issues, providing consultative support for disease management companies, and advising healthcare organizations on developing their internal analytics capabilities.

Prior to forming Singletrack Analytics, Jon worked at a Philadelphia area consulting firm where he managed their business intelligence practice and projects involving complex financial and data analyses. Earlier he worked for a large national CPA firm at which he managed financial feasibility and other related projects. He was also national coordinator for their Medicare cost reporting system.

Publications and Speaking Engagements

Jon has participated in national presentations for the eHealth Initiative, the National Bundled Payment Summit, the American Association of Integrated Healthcare Delivery Systems, the National PACE Association and others. He has been a frequent speaker at the Metropolitan Philadelphia chapter of HFMA, where he chairs the Decision Support and Financial Technology committee and is also a member of the Board of Directors. His articles have been published in *Healthcare Financial Management* (for which he is also a pre-publication article reviewer), *Becker's Hospital Review* and other publications, and he regularly contributes to the Thought Leaders Corner of *Accountable Care News*. He also contributes to an active weblog on the Singletrack Analytics website.
